

RGK7 & RGK8 Connectors

Accredited To EN362

Material: Stainless Steel

Gate Opening 105mm

Size : 400mm x 175mm

Closure Type Self Spring

MBS 22kn

Weight:300g

Features:

Not strictly a karabiner, the RGK7 is an attachment device with a wide gate opening, ideal for use in industrial areas. The use of this karabiner often negates the use of a sling as it can connect directly to steelwork. Most often fitted to lanyards for working on steel structures.

RGK7

Accredited To EN362

Material: Stainless Steel

Gate Opening 140mm

Size : 400mm x 200mm

MBS 22kn

Closure Type Self Spring

Weight:400g

Features:

Not strictly a karabiner, the RGK8 is an attachment device with a wide gate opening, ideal for use in industrial areas. The use of this karabiner often negates the use of a sling as it can connect directly to steelwork. Most often fitted to lanyards for working on steel structures.
